

Commercial Paint Sprayer's

ALM coatings are looking for experienced commercial paint sprayer's to join their growing team. You will need to demonstrate your ability to work with all types of paint including two pack, powder, primers and stoving paints. You will be able to work unsupervised to varied paint specifications and be fully conversant with in-process and finished product inspection methods including wet combs, thickness and gloss meters, adhesion tests and the requirements of ISO 9001.

The company offers an attractive benefits package including a group pension scheme, income protection, critical illness and life insurance.

Please Note – Vehicle Bodyshop Painters need not apply.

ALM Coatings is a division of ALM Products Ltd based at Newton Aycliffe providing a one stop shop for manufacturers by supplying machined components, coating services, assembly, kitting up and nationwide delivery of finished parts and assemblies.
